

ROCHDALE EARLY HELP NEIGHBOURHOODS

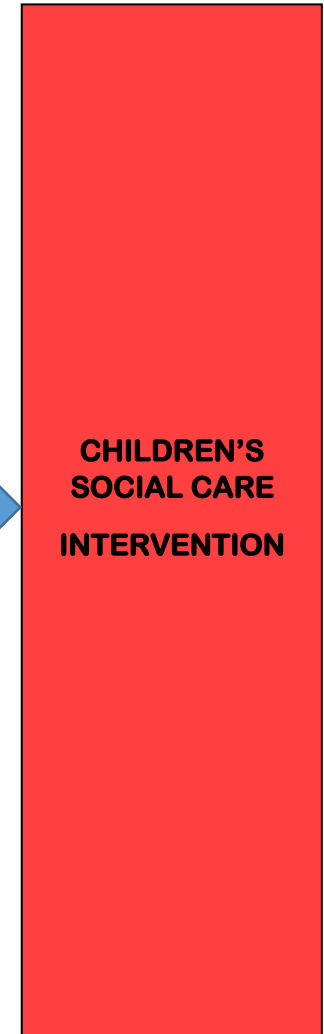

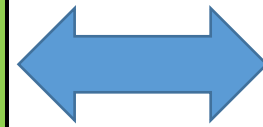

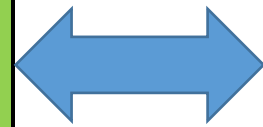

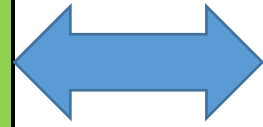

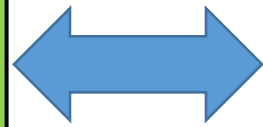

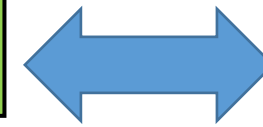

Information, advice and support for all families on early intervention, and preventative services they can access at a neighbourhood level through Family Hubs

Supporting Families Workers offer interventions in the home, Family Hubs/ appropriate venue, providing targeted time limited support to families with children 0-19 years (0-25 years SEND). Intervention accessed by families with an existing EHA through Neighbourhood Early Help Allocation panels.

Neighbourhood Early Help Workers provide advice and support for multi-agency practitioners carrying out Early Help Assessments (EHA) and leading Team Around the Family meetings (TAF) or with using the Early Help Module (EHM).

Neighbourhood Early Help Workers provide information, advice, guidance and support for practitioners regarding families they may be concerned about, where they may feel 'stuck' or where they would be considering making a referral to the Early Help and Safeguarding Hub.

Neighbourhood Early Help Workers provide brokerage support for multi-agency practitioners where a family have been referred to EHASH however they have an existing Early Help Assessment and do not meet the threshold for children's social care intervention.
